

AINE AI

Education: A Bachelor's degree in Computer Science, Data Science, Engineering, or a related quantitative field.

* Experience: 2+ years of professional, non-internship experience in an AI Specialist, Data Scientist, or Machine Learning Engineer role.

* Hands-on experience in **Python, SQL, and Excel**.

* Strong exploratory data analysis / **EDA skills** — ability to identify patterns, anomalies, and insights from complex datasets.

* Experience in end-to-end machine learning model development — data analysis, feature engineering, hyperparameter tuning, and validation — with working knowledge of algorithms such as **Random Forest, XGBoost, and SVM**.
